

Financial Aid Information

Financial assistance to Alpine Academy is available through two possible sources. In order to seek assistance, applicants need to fill out an assistance form thoroughly and attach a *copy* their current tax statement. Applicants are reviewed by the principal for need-based assistance from the school budget.

The application is then shared with the Alpine United Fund Committee. The Alpine United Fund is supported by an annual dinner auction and generous donations throughout the year. The committee, made up of church and school appointed members, reviews the applications and explanations of need. Consideration is taken for church members, families currently attending school, new families, and the length of needed support. Grants are then awarded for a single year with the possibility of reapplying, if necessary.

All information is confidential.
